

ERICKSON

TIE-IT. TOW-IT. LOAD-IT.

2024 PRODUCT CATALOGUE

YOUR LOAD SECUREMENT SPECIALIST

ERICKSON MFG IS A LEADER IN CARGO CONTROL PRODUCTS, TOWING, RECOVERY STRAPS, LOADING RAMPS & TARPS ACROSS NORTH AMERICA.

OUR GOAL

The goal of our company is simple. We strive to provide our customers with industry moving innovation and superior customer service across every aspect of the sales process. We produce quality products because it's our families name on the line. We don't sell anything we wouldn't use ourselves. This has resulted in a trusted brand name throughout the load securement industry and keeps consumers coming back.

TIE IT TOW IT LOAD IT

At Erickson we try to help our customers with all their transportation needs. Whether it be Arched Aluminum Loading Ramps to load the **ATV**, a Hitch Hauler for the SUV, a tarp to cover up the old car, or you are stuck and need a tow, we have what you need. Erickson strives to supply our customers a great value product with **QUALITY** always being our top priority.

D.O.T. COMPLIANT

All straps being used commercially meet or exceed the **DOT** requirements. Erickson Mfg. is a voted in member of the **WEB SLING AND TIE DOWN ASSOCIATION** (www.wstda.com). All commercial straps rated at **3000 LBS.** and up have printed web stating the **WORKING LOAD LIMIT (WLL)** on the complete assembly. Tags are also sewn in that feature the **WSTDA** logos and are compliant with all **DOT** regulations. Consumer straps not being used commercially all have a sewn in tag that states the **WLL** of the complete assembly. Strap labeling is mandatory in selected States in the USA and Canada now by the DOT to ensure safety on the roads. Our Anchor Points are also stamped with the **MAXIMUM LOAD LIMIT**, so rest assured you are up to date with new legislation and what is new in the cargo control world.

PDQ SHELF DISPLAYS

With the introduction of our PDQ system, Erickson has brought another merchandising option to our product offering. PDQ's are designed to benefit the retailer and consumer. For the retailer, it enables us to design a clean and organized planogram that is easy to maintain. This improves the shopping experience for the consumer leading to increased sales and customer satisfaction.

SIMPLY CUT ALONG THE PERFORATION AND PLACE ON THE SHELF!

LOOK FOR THIS ICON THROUGHOUT THE CATALOG FOR PRODUCTS THAT SHIP IN A PDQ!

SHOP BY COLOUR

**"Same great products but now in even better packaging.
Customers can now shop by color!"**

One of the biggest challenges today at the retail level is getting the proper strap to secure your load safely. At Erickson's we have developed a Pro Series that is color coded to make the shopping experience easier and safer for our customers.

IMPROVED Pro Series packaging for a better presentation on your shelves. A shorter package now allows us to mix the pro line with our Bulk Bin concept for a more shopable offering. The wider 2" base allows the package to stand better. We have new models and larger sizes now available whether you want 2 packs or 4 packs we have what you need.

RE-TRACTABLE® RATCHET STRAPS

Unlike the conventional Ratchet straps we have all grown to love and count on for all our Tie Down needs the **RE-TRACTABLE RATCHETS** are by far the best choice and our number one sellers. So smooth to use, simply ratchet tight, and to release simply push down on the red release button, and zoom the web rewinds in to the storage housing just like a tape measure. We offer both 1" and 2" models in both 6' and 10' lengths, from 1200 lb. up to 4000 lb. capacity. Check out our **BOLT ON** models, ideal for Boat transoms, Pick Up racks, permanent mounts on utility trailers, the ideas are endless. Once you use Erickson Re-tractionables you won't want anything else. Be sure and ask for Erickson by name, built for the professionals.

'THE MULTIPLIER RATCHET'

Labour Saving Ergonomic Design

2-to-1 Gear Drive

Pull to Tighten

Improved Tension for Secure Loads

Erickson's **MULTIPLIER RATCHET** has a 2-to-1 gear drive that exerts twice the tension with the same amount of force (compared to Erickson standard ratchet handle). With its long ergonomic handle it is much easier to apply the tension needed to secure your load. Available in 2" and 3" models with flat or double J hooks.

HEAVY DUTY RATCHET STRAPS

SELF TENSIONING RATCHET STRAPS

"Never worry about load shifts again!"

Add some peace of mind to your long hauls. Our Patented "Self-Tensioning Ratchet" automatically tightens the webbing if there is a load shift to help keep your load safe. Two large coil springs add tension to the strap and will take up to a maximum of 2" of webbing if your load shifts. Ensuring your load 'Stays-Tite'.

WHEEL CHOCKS

MOVEABLE E-CHOCK

#09162

Finally a wheel chock made for our E-Track system. The Moveable E-Chock has an intuitive locking mechanism that allows it to be installed anywhere on your E-Track. A reinforced base and durable steel construction ensure this wheel chock can handle any job. The bright yellow powder coating prevents rust, and grabs the customers attention on the shelf.

Stands up on display shelf.

WORKING LOAD LIMIT AND DESIGN FACTOR

Erickson's synthetic slings are manufactured to ensure a design factor of 5:1. This design factor is divided into the nominal strength of a sling to arrive at the WLL (or Rated Capacity). This factor is necessary to allow for wear, abrasion, damage, and variations in loads which are not always readily apparent to the sling user.

THIS DOES NOT ACCOUNT FOR INSUFFICIENT EDGE PROTECTION OR AGAINST CUTTING.

18,000 LB. BREAK STRENGTH

MAXIMUM VEHICLE WEIGHT

TO CALCULATE (MVW) SIMPLY
HALF THE BREAK STRENGTH (BS).

BREAK STRENGTH ÷ 2
18,000(BS) ÷ 2 = 9000LB (MVW)

"POWER PULL" BUNGES

Our "POWER PULL" Bungees are available in assorted bright colors paired with contrasting colored hooks. The patented hooks feature a "pull loop" that is much safer than standard bungee hooks we all use today. Attach one hook of the bungee to your anchor then stick your finger into the power pull loop of the loose end, stretch and secure to your anchor. Safe and easy to use.

INDUSTRIAL POWER PULL®

- #06664 - 18" X 1/2"
- #06665 - 24" X 1/2"
- #06666 - 30" X 1/2"

TARP BIN DISPLAY PROGRAM

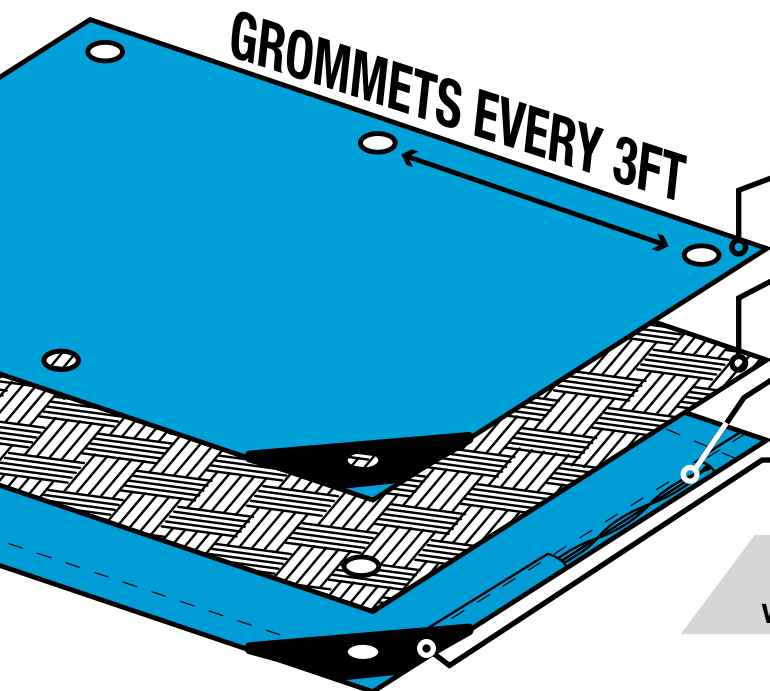

ERICKSON'S PATENTED DESIGN

United States Design Patent #US D617,1255 | SHELF DIVIDER | Patent date: June 8/2010

Our patented bin design makes the shopping experience smooth and simple. Sizes and styles are spelled out clearly on the advertising card on the front of every bin. Our patented design allows the retailer to affix the bins to slotted shelves. Starting at the far left of the shelf place the bin and using the 4 safety locking push pins (supplied) lock the bin to the shelf.

Allow 12" between bins, positioning 4 on a 48" shelf. Bins are designed to hold a complete case of all tarps. Mix and match your display to meet your customer's needs. Designed for 16" deep shelves but will work with deeper shelves as well.

Comes with four locking pins to secure the bin to the shelf.

TARP CONSTRUCTION

TOP & BASE COATING

Weather-resistant polyethylene coating

HIGH DENSITY POLYETHYLENE WEAVE

High-density polyethylene strands are cross woven

HEM REINFORCEMENT

Poly roping in hem around all edges of tarp
Double Stitched or Heat Sealed hem

CORNER REINFORCEMENT (HEAVY GRADE ONLY)

Specialized plastic bars on all tarp corners

CHOOSING THE RIGHT TARP

WEATHER RELATED FACTORS

**SUN
POLY/CANVAS**

UV treated to resist the sun's harmful effect.

**RAIN
POLY/TREATED CANVAS**

Naturally waterproof.
(Heavy accumulation of water/
moisture will seep).

WIND

CLEAR WHITE

Great for wind break & allow light to pass through. Secure your tarp to prevent wind from getting underneath.

COLD

HEAVY DUTY POLY

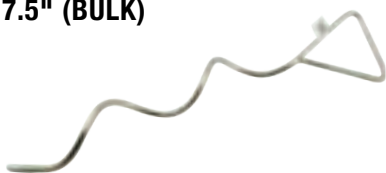

Adapt and perform well in cold winter conditions. Can withstand temperature as low as -40F.

TARP ACCESSORIES

Dual Rustproof Grommets

BIG BED THE TAILGATE **SAWHORSE** **DESIGNED FOR THE JOB SITE!**

Turn your tailgate into a workstation, or host a tailgate party. Recommended for hauling light loads, the Tailgate Sawhorse easily hauls things like canoes or extension ladders. When you've got a long load to haul and a short truck bed can't get the job done, upgrade with the Tailgate Sawhorse!

EXTENDS THE TRUCK BED 3 FT!

#07610

4 PACK

BIG BED[®]

TAILGATE EXTENDER

The Big Bed[®] is the perfect addition to any vehicle with a 2" hitch receiver, and allows you to haul loads safely.

EXTENDS YOUR TRUCK BED BY 4FT!

#07600 Big Bed[®] Tailgate Extender Senior

STORAGE & EASY CARRY POSITION

SENIOR

#07600

400 LB. EVENLY DISTRIBUTED WEIGHT.

- PERFECT for short-bed trucks
- Folds for easy storage
- Easily haul: canoes, extension ladders, lumber, drywall, and other oversized loads
- Extend your work station
- Make a table for your tailgate
- Replaces the trailer

46" X 50" X 18.1" (INSTALLED)

46" X 5" X 7" (COLLAPSED)

JUNIOR

#07605

350 LB. EVENLY DISTRIBUTED WEIGHT.

- Ideal for oversized equipment including ladders, full sheets of drywall, or small boats
- Black Powder coat finish (rust resistant)
- Welded loops to tie-down loads
- Easily removed and stored
- Converts to High-Mount with Adjustable height

TRUCK RACKS

ALUMINUM TRUCK RACK

800 LB. RATED

#07705 - 66.4"L X 12.6"W X 34"H

#57705 - TRIANGLE STOP REPLACEMENT PARTS

- Clamp mounting system - no drilling
- Adjustable crossbars fit all pick-up trucks
- Fully adjustable load stops
- Yellow chromate plated hardware

#57705 REPLACEMENT PARTS

STEEL TRUCK RACK

800 LB. RATED

#07706 - 78"L X 14.7"W X 33.5"H

- Clamp mounting system - no drilling fits ALL TRUCKS
- Powder coated paint ensures no rusting
- Yellow chromate plated hardware
- 4 Adjustable load support brackets
- Works with bedliners
- Fits both long and short bed pick-up trucks

CONTRACTOR TRUCK RACK

1000 LB. RATED

#07707 - 135"L X 54.8"W X 32.9"H

CAB CAN NOT EXCEED 24"H FROM BED RAIL

- Steel construction
- Powder coated paint ensures no rusting
- Yellow chromate plated hardware
- Adjustable cross bars for even load distribution
- Works with bedliners
- Fits long and short bed pick-up trucks

UNIVERSAL UTILITY TRUCK RACK

500 LB. RATED

#07710

- Adjustable cross bar
- Rotating load stops
- Fits truck boxes 50" to 70" wide
- Power coat finish
